## How Anyone Can Make Money Online

The objectives of the club are to allow anyone, anywhere, regardless of capital or background to be able to generate an income online.

There are many ways to generate income without capital but most require talents, some of which can be learned and some inherent.

What we seek here are plans that will allow YOU to generate income by simply participating and without the need to learn anything or have special talents.

FREE plans seldom produce large incomes; so we show our members how to generate initial capital at no cost and with little effort, and then leverage that cash to produce unlimited income.

We also choose solutions that do not require you to make sales or refer others; but by doing so you will make money faster and also be of service to those you help find this opportunity.

Remember that your income will always be directly proportional to the services you provide and that it is not the needy who receive the greatest rewards but the most worthy.

It is impossible to guarantee any level of income but the potential is literally unlimited and there is never a requirement to dip into your pocket to make money as a club member.

However, if you have even a small amount of capital to invest in your business you will speed your progress to your goal and this will always be an option for you.

The only thing that can stop your success is not participating....

So **ALL YOUR EXCUSES ARE GONE!**

This booklet can be branded with your links so that you can give it away to anyone who may be interested in making extra **cash at no cost.**

If you are already in any of the programs we list you can simply add your existing affiliate information, there is no need to rejoin them by using the links provided by whoever gave you this publication.

There is no need to join all the programs or change all the links but the more plans you join the greater your chance of reaching your goals faster.

There is also a section at the end of programs that are trusted by Graham Frame (the author of this book) because he knows the people behind the plans to be honest and determined to provide value for their members.

Finally there is also a section where you may add two of your own favourite and trusted plans (if you prefer them to those shown by the person giving you this book)

The bottom line is that the more books, branded with your links, that you give away the faster you will reach and exceed your initial goals!

**A GOAL  
WITHOUT  
A PLAN  
IS JUST  
A WISH**

## **Join These Plans:**

*All 9 are selected to allow you to earn money without selling, sponsoring or spending hours in front of your computer!*

### **Its Free Club**

This is our home site where you can have an online presence and build your list. There will also be additional useful information available on all our affiliated programs.

### **We Share Abundance**

Will become the mainstay of our free and simple to earn plans. At the time of writing this update it is pre-launch expected to launch in Beta for Phase 1 in January 2020. This will enable people to generate income in just 2 or 3 minutes a day with no out of pocket cost. However, to be making the most of this program you would want to be active in all 6 Pools and although that is a monthly subscription of \$125 that, and more, can be generated without selling or sponsoring and so becomes a one time payment.

### **360 Win**

This is a groundbreaking plan to play casino style games without ever dipping in your pocket and yet providing real cash prizes. So if you enjoy casinos is this is the place to be. The great thing about this plan is that there are 3 equal payouts for every win; the player wins, the person who referred the player wins and a designated charity also wins. Current averages show a monthly income of \$12.74 per referral and as its 100% free you should be able to easily make referrals.

### **Crypto Tab**

Simply download their browser and make Bitcoins as long as your computer is online. It is a version of the chrome browser which you can use alongside or in place of any other browser. Its not get rich quick but its free money! I use it in addition to my other browsers and my computer is on almost all the time (it occasionally switches itself off for some reason) and I have drawn about \$200 so far for doing nothing!

### **Honey Gain**

This is another way to make some cash doing absolutely nothing. I make about \$50 a month but if your computer is not always on you could make less and if you have more than 1 computer hooked up you could make more! Just download the app, that's all there is to it!

## Hashing Ad Space

I really love this program because its owner/founder is completely honest and transparent! You get paid for viewing ads as a free member and can get paid extra as a paid member. Payments are made in Asimi Tokens and so the rate of earning varies with fluctuations in the value of Asimi; its been as high as \$4 each and as low as 3 cents each.

## KuverIt

Here is a future “Unicorn” it is always free to become an affiliate and earn commissions. They are getting ready to launch in 2020 and will offer protection against online fraud. You know that's a massive market with all the scams out there and although not passive income, as it depends on introducing users, the rewards can be mind boggling!

## My Passive Trades

You can join this and earn from referrals as a free member, but participation starts at just \$5 and provides true passive income alongside responsive advertising. This is covered in greater detail on the Its Free Club website and is a great way to leverage free cash from Honey Gain into a retirement income within 2 to 5 years without lifting a finger. The time range depends on how much cash you put in at the start and/or add along the way. \$40 a month is projected to get you a \$5,000 a month income in under 4 years, whereas a one time \$40 will take about 5 and a half years to get to the same point.

## Free Portal Investment

Similar to my passive trades but requires a larger initial investment of about \$300, but don't worry you'll soon have that and more available if you just keep giving away these books!

***This plan will only generate income from referral sales but offers many free resources including a free blog and free traffic***

## World Profit

Once again an honest and transparent owner of a program that's been around for many years. It offers good training and good resources for advertising your offers and business as a free member. Once your are making a few hundred \$\$ a month consider the upgrade to Silver membership.

***The following are trusted programs from Graham Frame, you can register FREE but will need to make upgrades to earn commissions.***

### **OnPassive**

This is the true future of online marketing and is currently open for Founder memberships at \$97 until launch sometime in 2020. FREE registration will also allow you to be informed of the launch and access the amazing value they will offer as one of the first members. Run by Ash Mufarah, an honest and caring man, this program will rock the world.

**Vista** ~ *Contact the person who gave you this book for a referral username if not available use the default of 8293087*

Again the main reason for including this program is the honesty and transparency of the founders. This is the number one criteria when choosing a business to be a part of. Everything else will fall into place if the leadership is solid. 2020 will be a very big year for Vista and all those associated with the company, set to be a giant in technology and finance. USA based and 100% compliant this is a safe place to be!

**Finally these are 2 plans you may substitute with your own if you don't like them. But please check them out as a service to the person who thought enough of you to give you this book; you may find them of real value....**
