

WE Share Abundance Charter

This document is the foundation for our community and forms a part of our terms and conditions. In joining our community you agree to uphold our principles that we seek true abundance in more than just material gains. WE seek to serve others and in doing so create a sustainable business helping our fellow members to find hope and extra income. WE as members help to preserve the ethics of this community and the value of our community currency, the WESA Token.

All people from all nations, backgrounds and creeds are welcome here and are encouraged to participate in the simple tasks of service that generate personal income, group income and in doing so generate additional income to be used for charitable works.

In accordance with the above statements it is agreed that the withdrawal of WESA Tokens will be restricted to balance supply and demand and that this will be determined by a formula each month based on the anticipated growth of the community.

Although our currency may be traded as desired we hold the right to restrict withdrawals to members found to be acting in any way detrimental to the good of the community as a whole and devaluing WESA.

These activities include but are not limited to...

1. selling WESA at prices below fellow members in an attempt to "jump the queue" in making sales.
2. selling WESA at prices below the community Guaranteed Minimum Value.

Our sacred mission is in YOUR hands, welcome to our loving community.
